

ANIDA ID Demo Kit

DEMO KIT SETUP

Multi-Touch

Any Display

The ANIDA ID Full Demo Kit contains all the required components to provide Interactive Dynamic Demos.

The demo kit is integrated in a flight case, this allows for easy and secure transportation!

In the Flight Case the demo PC, the PC monitor and Motion Tracker are included.

The ANIDA ID Drive and the four demo experiences EXP 201, 202, 203, and 204 are pre-installed on the demo PC.

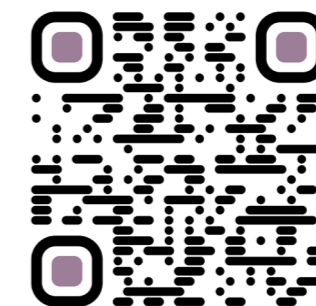

Remote support and training by the Magicor and Vivalyte team is included.
